LIPO BC is a significant blend of "Fat Loving" lipotropics, which are essential in any weight loss program.

The lipotropics help to increase fat metabolism, protect against the abnormal accumulation of fat in the liver, and remove and transport fat out of the body.

Used alone, Lipo BC will absolutely enhance your ability to achieve your fat loss goals.

Including Lipo BC as part of the Fat Buster Pack™, with Nutrilean and BioCitrin, is truly a winning combination for accelerated fat loss.
